Company

METCASE Enclosures

METCASE is the metal enclosures division of OKW Enclosures Ltd, part of the OKW group of companies. We are based in Fareham in the United Kingdom. Our modern design and production facility is certified to ISO 9001:2008 and manufactures the extensive range of aluminium enclosures featured in this catalogue. METCASE enclosures are stylish, ergonomic and highly versatile. The range includes instrument cases, wall mount enclosures and 19" rack cases.

METCASE Gehäusesysteme

METCASE ist die Sparte Metallgehäuse der OKW Enclosures Ltd. mit Sitz in Fareham, Großbritannien. Wir gehören zur OKW-Unternehmensgruppe und sind nach ISO 9001:2008 zertifiziert. In unserer modern eingerichteten Entwicklungs- und Fertigungsstätte stellen wir ein umfangreiches Sortiment an Aluminiumgehäusen her, welche wir in diesem Katalog präsentieren. METCASE Gehäuse sind besonders robust, modern, ergonomisch und sehr vielseitig einsetzbar. Die Produktpalette umfasst Instrumenten-Gehäuse, Wandgehäuse und 19"-Rack-Gehäuse.

Boitiers METCASE

METCASE est la filiale de boitiers en métal d'OKW Enclosures Ltd. Nous faisons partie du groupe de sociétés OKW. Basé à Fareham au Royaume-Uni, notre complexe industriel de conception moderne est responsable de la production d'une large gamme de boitiers en aluminium présentée dans ce catalogue. Nous sommes certifiés ISO 9001:2008. Les boitiers METCASE sont élégants, ergonomiques et très polyvalents. La gamme comprend des coffrets d'instrumentation, des boitiers muraux et des boitiers rackables 19".

Customised Enclosures

Our enclosures can be supplied fully customised with all the necessary holes and cutouts for mounting your electronic components. The internal dimensions can also be changed to suit your PCB dimensions. Other services include adding inserts and screw bosses; custom colours and finishes; digital and silk-screen printing, and engraving. Having a flexible manufacturing system allows us to offer very competitive prices without demanding large minimum order quantities. As few as 10 to 20 pieces can be produced on demand.

Kundenspezifische Gehäuse

Wir können unsere Gehäuse vollständig nach kundenspezifischen Wünschen mit allen erforderlichen Bohrungen und Aussparungen für die Montage Ihrer elektronischen Komponenten liefern. Auch die Innenabmessungen lassen sich entsprechend Ihrer Platinengröße anpassen. Weitere Serviceleistungen umfassen das Integrieren von Einsätzen und Befestigungsdomen, individuelle Farben und Oberflächen, Beschriftungen im Digital- und Siebdruck und Gravuren. Unser flexibles Fertigungssystem erlaubt attraktive, wettbewerbsfähige Preise, ohne große Mindestbestellmengen. Auf Anfrage stellen wir auch Kleinmengen (10 bis 20 Stück) her.

Boitiers Personnalisés

Nous proposons de personnaliser vos boîtiers en réalisant tous types d'usages tels que des trous ou des découpes nécessaires au montage de vos composants électroniques. Les dimensions peuvent également être modifiées pour correspondre à la taille de votre PCB. D'autres services sont proposés tels que: rajout d'insert et bossage de fixation, des couleurs et finitions personnalisées, sérigraphie et gravure. La flexibilité de notre production nous permet de proposer des tarifs très compétitifs sans exiger une quantité de commande minimale importante. Par exemple, 10 à 20 pièces peuvent être fabriquées à la demande.

For more information please contact our sales team.

Bitte wenden Sie sich für weitere Informationen an unser Verkaufsteam.

Pour plus d'informations, veuillez contacter notre équipe commerciale.

Bespoke

Bespoke Enclosures

In addition to customised standard enclosures, we can also produce fully bespoke enclosures to satisfy more complex requirements. By combining fully fabricated sheet metal parts with stock die castings and extrusion profiles, we are able to create an unlimited number of unique housing solutions. We can also produce complex mounting plates, chassis and front panel assemblies. Special paint finishes and coatings can also be accommodated. Please talk to our sales team to discuss your specific requirements.

Maßgefertigte Gehäuse

Neben kundenspezifischen Anpassungen unserer Standardgehäuse können wir auch komplett maßgefertigte Gehäuse herstellen. Durch die Kombination von Blechteilen mit Druckgussteilen und Strangpressprofilen ab Lager sind wir in der Lage, eine unbegrenzte Anzahl an Gehäuselösungen anzubieten. Wir können zudem komplexe Baugruppen für Montageplatten, Innengehäuse und Frontplatten fertigen. Ferner führen wir spezielle Lackierungen und Beschichtungen aus. Wenden Sie sich bitte an unser Verkaufsteam und besprechen Sie Ihre spezifischen Bedürfnisse.

Boitiers sur Mesure

En plus de personnaliser nos boîtiers standards, nous pouvons également fabriquer des boîtiers entièrement sur mesure afin de satisfaire les besoins les plus complexes. La combinaison de feuilles de métal et de profils extrudés nous permet créer un nombre illimité de solutions uniques de boîtiers; mais aussi des plaques de montage, des châssis et des assemblages de panneaux avant. Des finitions de peintures et des revêtements spéciaux peuvent également être proposés. Veuillez prendre contact avec notre équipe commerciale pour discuter de vos besoins.

IP 54

Unidesk Sloping Front Enclosures

Ergonomic aluminium instrument enclosures for desktop and wall mounted applications. Very robust design in three sizes and two standard colours. Optional IP 54 protection class (VDE tested). Flat rear panel for connectors, switches, power inlets etc. Stainless steel M3 Torx® T10 and MS M3 Pozidriv fixings supplied. Order your own fully customised version.

To maintain IP 54, fit PCB pillars M 56 00 001, or your own plugs, to the mounting holes in the base panel.

Unidesk Pultgehäuse

Ergonomische Instrumentengehäuse aus Aluminium für Tisch- und Wandanwendungen. Sehr robustes Design in drei Größen und zwei Standardfarben. Optional mit Schutzart IP 54 (VDE-geprüft). Plane Rückseite für Steckverbinder, Schalter, Kabelein- und -ausgänge etc. Befestigungselemente M3 Torx® T10 und MS M3 Pozidriv aus Edelstahl im Lieferumfang enthalten. Bestellen Sie Ihre eigene kundenspezifische Version.

Für die Schutzart IP 54 ist es erforderlich, das Leiterkarten-Montage-Set M 56 00 001 oder ein eigenes, das die Aufnahmen für die Leiterkartenbefestigungen in der Bodenplatte abdeckt, zu verwenden.

Boitiers pupitres Unidesk

Boitiers pour instruments ergonomiques en aluminium pour applications de table et murales. Design très robuste décliné en trois tailles et deux coloris standard. Degré de protection IP 54 en option (test VDE). Plaque arrière pour montage de connecteurs, commutateurs, prises d'alimentation, etc. Fixations M3 Torx® T10 en acier inoxydable et MS M3 Pozidriv fournies. Commandez votre version entièrement personnalisée.

Pour atteindre le degré de protection IP 54, utiliser le kit de montage pour circuit imprimé M 56 00 001 ou un kit de votre choix qui recouvre les points de fixation des circuits imprimés dans la plaque inférieure.

Technomet Instrument Enclosures

Advanced and highly attractive instrument enclosures. Modern and cohesive design with no visible fixing screws. Die cast front and rear bezels fit flush in the case body. Snap-on front and rear trims hide the case and front panel screws. Ventilation holes in the base and rear panel. Four PCB mounting pillars in the base. Internal chassis for slide-in PCBs. Earth points on all panels. With or without carry handle. Supplied with ABS feet. Order front panels and PCB guides separately. Order your own fully customised version.

Technomet Instrumentengehäuse

Moderne und äußerst attraktive Instrumentengehäuse. Einheitliches Design ohne sichtbare Befestigungsschrauben. Druckguss-Front- und Rückrahmen schließen bündig mit dem Gehäusekorpus ab und sorgen für ein ebenmäßiges Design. Steckbare Design-Blenden verbergen die Schrauben am Gehäuse und an der Front- und Rückplatte. Lüftungslöcher in Boden- und Rückplatte. Vier Leiterplattenmontagebolzen im Boden. Internes Chassis für Einschub-Leiterplatten. Erdungspunkte an allen Platten. Mit oder ohne Tragegriff. ABS-Füße im Lieferumfang enthalten. Frontplatten und Kartenführungen sind gesondert zu bestellen. Bestellen Sie Ihre eigene kundenspezifische Version.

Boitiers Technomet

Boitiers pour instruments modernes et élégants. Design cohérent sans vis de fixation visibles. Les cadres frontaux et arrière moulés sous pression s'ajustent parfaitement sur le boîtier pour offrir une ligne fluide. Des cache-vis face avant et arrière emboîtables masquent les vis de fixation du boîtier et de la plaque avant. Trous d'aération dans la base et la plaque arrière. Quatre pieds de montage de carte dans la base. Châssis interne pour insertion de cartes de circuits imprimés. Points de mise à la terre sur toutes les plaques. Avec ou sans poignée étrier. Avec pieds. Les plaques avant et les guides-cartes se commandent séparément. Commandez votre version entièrement personnalisée.

Unimet-Plus

Unimet-Plus Desktop Enclosures

Stylish and versatile instrument enclosures in aluminium. Robust and versatile design in six sizes. With or without a tilt/swivel carry handle. Internal chassis with horizontal guide positions for slide-in PCBs. Four snap-in polyamide PCB guides included. Stylish die cast front and rear bezels assembled to the folded aluminium case body. Removable rear panel. Four non-slip rubber feet included. Order your own fully customised version.

Unimet Tischgehäuse

Attraktive und vielseitige Instrumentengehäuse aus Aluminium. Robustes und vielseitiges Design in sechs Größen. Mit oder ohne Aufstell-/Tragebügel. Innenchassis mit horizontalen Führungspositionen für Leiterkarten zum Einschieben. Inklusive vier Leiterkartenführungen aus Polyamid zum Einrasten. Druckguss-Front- und -Rückrahmen am Gehäusekorpus aus abgekantetem Aluminium montiert. Abnehmbare Rückwand. Vier rutschfeste Gummifüße im Lieferumfang enthalten. Bestellen Sie Ihre eigene kundenspezifische Version.

Boîtiers de table Unimet-Plus

Boîtiers pour instruments élégants et polyvalents en aluminium. Design robuste et polyvalent en six tailles. Avec ou sans poignée étrier basculable/pivotante. Châssis interne avec positions de guides horizontales insertion de cartes. Quatre guide-cartes en polyamide compris. Élégants cadres frontal et arrière moulés sous pression fixés au corps de boîtier en aluminium plié. Plaque arrière amovible. Quatre pieds en caoutchouc antiglisse compris. Commandez votre version entièrement personnalisée.

Datamet Wall Mount Enclosures

Wall mount enclosures for indoor electronics. Very modern design in three standard sizes. Total access to the electronics during installation and servicing. Rear section includes holes for fitting PCBs or the internal mounting plate kit. Cable glands and connectors can be mounted to the underside. Top section fits over the rear panel and also secures the die cast front bezel. Order your own fully customised version.

Datamet Wandgehäuse

Wandgehäuse für Elektronik im Innenbereich. Sehr modernes Design in drei Standardgrößen. Vollständiger Zugang zur Elektronik während der Installation und Wartung. Rückteil verfügt über Löcher zur Befestigung von Leiterkarten und internen Montageplatten. Kabeldurchführungen und Verbinder können an der Unterseite des Rückteils montiert werden. Das Oberteil passt auf die Rückwand, und dient außerdem der Befestigung des Druckguss-Frontrahmens. Bestellen Sie Ihre eigene kundenspezifische Version.

Boitiers muraux Datamet

Boitiers muraux pour électronique d'intérieur. Design très moderne décliné en trois tailles. Accès total à l'électronique pendant l'installation et l'entretien. La section arrière comprend des trous pour la fixation de cartes de circuits imprimés et plaques de montage internes. Les presse-étoupes et les connecteurs peuvent être montés sur la face inférieure de la section arrière. La section supérieure se monte par-dessus la plaque arrière et fixe également le cadre frontal moulé. Commandez votre version entièrement personnalisée.

Technomet 19"

Technomet 19" Cases

Modern rack enclosures designed to accept standard 19" subracks, chassis and front panels. Robust yet lightweight aluminium construction. Conforms to DIN 41494 and IEC 297-1. Die cast bezels fit flush with the case body for a smooth appearance. Recessed ABS side handles. Internal subrack/chassis support rail. Removable rear panel. Ventilation holes in base and rear panel. All case panels fitted with M4 threaded pillars for earth connections. Moulded ABS non-slip feet included. Order your own fully customised version.

Technomet 19" Rack-Gehäuse

Moderne Rack-Gehäuse ausgelegt für standardmäßige 19-Zoll Baugruppenträger, -Chassis und -Frontplatten. Robuste, aber dennoch leichte Konstruktion aus Aluminium. Entspricht DIN 41494 und IEC 297-1. Druckguss-Frontrahmen schließen bündig mit dem Gehäusekorpus ab und sorgen für ein ebenmäßiges Design. Seitengriffen aus ABS. Interne Tragschienen für Baugruppenträger/Chassis. Abnehmbare Rückwand im Lieferumfang enthalten. Lüftungsöffnungen in Bodenplatte und Rückwand. Alle Gehäuseplatten sind mit M4-Gewindebolzen zum Erdanschluss ausgestattet. Rutschhemmende Gehäusefüße aus ABS im Lieferumfang enthalten. Bestellen Sie Ihre eigene kundenspezifische Version.

Boîtiers Technomet 19"

Boîtiers modernes conçus pour sub-racks, châssis et plaques avant 19" standard. Construction en aluminium robuste mais léger. Conformes aux normes DIN 41494 et IEC 297-1. Les cadres frontaux et arrière moulés sous pression s'ajustent parfaitement sur le boîtier pour offrir une ligne harmonieuse. Poignées latérales en ABS. Rails de support interne sub-rack/chassis. Plaque arrière amovible incluse. Trous d'aération sur les plaques inférieures et arrière. Toutes les plaques de boîtier sont munies de goujons filetés M4 pour les connexions de mise à la terre. Pieds antidérapants en ABS moulé inclus. Commandez votre version entièrement personnalisée.
